

### Accessories for BD Series Dehydrators

### Start-up and Manifold Kits - GLK and MLK, and Maintenance Kits

#### PRODUCT DESCRIPTION

Dehydrator start-up kits and manifold kits include all air fittings and manifolds for interconnection of the BD series dehydrators with pressurisable antennas, transmission lines and feeder systems. Maintenance kits are recommended to ensure the highest level of reliability and lowest lifecycle costs of the dehydrators.

#### FEATURES / BENEFITS

- Start-up Kits provide a complete range of fittings and accessories for installation and connection to a single system, or to corresponding manifold kit to support multiple antennas and feeder systems
- Check valves and pressure gauges are included to allow isolation of feeders for detection of air leaks
- Optional flow meters provide the clearest indication of air leaks

#### DETAILS

<b>Product Type</b>	Automatic Dehydrator Accessories
---------------------	----------------------------------

#### START-UP KITS

Item	Model	Contents / Description
<b>Dehydrator Start Up Kit (without manifold)</b>	GLK-1	Qty. 1 - Valve, 1/8" NPT Needle Qty. 1 - Tee-Street, 1/8" NPT Qty. 1 - Adaptor, 1/8" FPTx1/8" MPT Qty. 1 - Gauge 0-15 PSI, 1.5" Dia. 1/8" CBM Qty. 3 - Connector, 1/8" MPT x 3/8" PL Qty. 1 - Connector, 3/8" PL x 1/2" MPT Qty. 1 - Elbow SWVL Adaptor, 1/8" MPT x 3/8" PL Qty. 1 - Tape, Teflon 1/4" 50 ft (15 m) - Tubing-Poly, 3/8" OD
<b>2 Port Manifold Start Up Kit</b>	MLK-2	Qty. 3 - Connector, 1/8" MPT x 3/8" PL Qty. 1 - Connector, 3/8" PL x 1/2" MPT Qty. 1 - Tape, Teflon 1/4" 100 ft (30 m) - Tubing-Poly, 3/8" OD
<b>4 Port Manifold Start Up Kit</b>	MLK-4	Qty. 5 - Connector, 1/8" MPT x 3/8" PL Qty. 1 - Connector, 3/8" PL x 1/2" MPT Qty. 1 - Tape, Teflon 1/4" 200 ft (60 m) - Tubing-Poly, 3/8" OD
<b>8 Port Manifold Start Up Kit</b>	MLK-8	Qty. 9 - Connector, 1/8" MPT x 3/8" PL Qty. 1 - Connector, 3/8" PL x 1/2" MPT Qty. 1 - Tape, Teflon 1/4" 400 ft (120 m) - Tubing-Poly, 3/8" OD

**Accessories for BD Series Dehydrators**

## Start-up and Manifold Kits - GLK and MLK, and Maintenance Kits

**MANIFOLDS AND PANELS**

Description	Model	Contents / Description
<b>2-Port Manifold with Pressure Gauges</b>	PWM2G	For dual feed systems
<b>2-Port Manifold with Pressure Gauges &amp; Check Valves</b>	PWM2GC [Note 1]	For two different antenna systems, includes check valves to isolate each feeder cable
<b>4-Port Manifold with Pressure Gauges</b>	PWM4G	For systems with up to four feeder cables
<b>4-Port Manifold with Pressure Gauges &amp; Check Valves</b>	PWM4GC [Note 1]	For systems with up to four antenna systems, includes check valves to isolate each feeder cable
<b>8-Port Manifold with Pressure Gauges</b>	PWM8G	For systems with up to eight feeder cables
<b>8-Port Manifold with Pressure Gauges &amp; Check Valves</b>	PWM8GC [Note 1]	For systems with up to eight antenna systems, includes check valves to isolate each feeder cable
<b>Single Pipe Panel</b>	P8741SFM	Analog Pressure & Flow Measurement Indicators Manual Shut-Off Vales
<b>Dual Pipe Panel</b>	P8741DFM	Analog Pressure & Flow Measurement Indicators Manual Shut-Off Vales
<b>10-Line Flow Distribution Panel</b>	PFMP2310	Analog Pressure & Flow Measurement Indicators Supports Air Distribution for systems up to 10 antenna/feeder systems Manual Shut-Off Vales

Note:

1. Manifold units with check valves are not recommended for pressurising antennas with dual feedlines.

**Accessories for BD Series Dehydrators**

## Start-up and Manifold Kits - GLK and MLK, and Maintenance Kits

**MAINTENANCE KITS**

Item	Model	Contents / Description
<b>BD210 Series Annual Maintenance Kit</b>	P017612	Includes replacement filter element and compressor maintenance kit
<b>BD550 Series Six month Maintenance Kit</b>	P013478	Includes air intake filter, compressor muffler, and humidity sensor
<b>BD1500 Series Six month Maintenance Kit</b>	P011910	Includes air intake filter, compressor muffler
<b>BD4200 Series Six month Maintenance Kit</b>	P012314	Includes air intake filter, compressor air intake filter, and purge muffler
<b>BD8402 Six month maintenance kit</b>	P011766	Includes air intake filter, compressor mufflers, and purge mufflers
<b>BD550 Series 8000 hour Maintenance Kit</b>	P013479	Includes heatless dryer maintenance kit and compressor maintenance kit
<b>BD1500 Series 8000 hour Maintenance Kit</b>	P012252	Includes heatless dryer maintenance kit and compressor maintenance kit
<b>BD4200 Series 8000 hour Maintenance Kit</b>	P011471	Includes heatless dryer maintenance kit and compressor maintenance kit
<b>BD8402 8000 hour Maintenance Kit</b>	P011813	Includes heatless dryer maintenance kits and compressor maintenance kits
<b>BD8402 16000 hour Maintenance Kit</b>	P011814	Includes heatless dryer maintenance kits and compressor maintenance kits
